

COVINGTON IS FREE OF BRIBERY CHARGE

Arkansas Senator Acquitted After Jury Had Balloted for Almost Three Days.

OTHER CASE NOLLE PROSSED.

Dismissal Entered Upon Request of Prosecuting Attorney—Chaplin Trial Set for Next Wednesday.

REPUBLICAN SPECIAL.

Little Rock, Ark., July 4.—A verdict of "not guilty" was returned this afternoon by the jury in the bribery case against Senator A. W. Covington.

The jury took the case at 11:30 Saturday night and was unable to agree until this afternoon, when the three members, who it is said voted for conviction, joined the majority and voted to acquit.

"It was just as I expected," was the only statement Senator Covington made when the verdict was brought in.

The jurors had gone before Judge Lea two hours before and again indicated the cause of delay by asking for further enlightenment on the point of corroborative evidence. The court again read the instructions.

There were few persons in the courtroom when the verdict was brought in.

OTHER CASES BROUGHT IN.

After the conclusion had been announced Attorney D. E. Bradshaw of the prosecution entered a nolle prosequere in the second bribery charge against Senator Covington.

In this bill of indictment it was alleged that Covington accepted a bribe of \$100 and a gold watch for his vote on the Federal District Court bill.

The charge on which he was acquitted was that he accepted a bribe of \$500 for the bill appropriating \$500,000 for the completion of the new State Capitol.

Mr. Bradshaw made no explanation in dismissing the Federal charge, beyond saying that he did so at the request of Prosecuting Attorney Bradshaw, who has been called to Hartford, Conn., last night by the death of his sister-in-law.

The Federal grand jury will reconvene July 6. The trial of Representative George F. Thompson of Missouri, on charges of conspiracy and bribery, is set for Wednesday next week.

REDUCE THE PRICE OF HEBREW BREAD.

Strike Results in Push-Carts Being Placed on Street to Sell Bakers' Products.

The strike among the Orthodox Hebrews of North St. Louis came to a critical stage yesterday afternoon when the strikers appeared on the street with nearly forty push-carts, loaded with bread, which they offered for 8 cents a loaf, a decrease of 2 cents per loaf.

In order to cope with them, the employing bakers dropped the price on bread to 8 cents a loaf. Many refuse to buy bread from the bakers, claiming to buy from the strikers.

It is made by unauthorized help. H. Cohen, a baker, yesterday employed three union men at the hours and salary demanded by them. This was the first bid to comply with the union's demands. Morris Lewis on Carr street yesterday opened his shop with homemade bread.

TWELVE HUNDRED SUITS FOR ALLEGED VIOLATION OF CATTLE SHIPPING LAW

Secretary of Agriculture Has Secured Evidence on Which He Believes He Can Convict Practically All of the Western Railroads—Companies, Realizing Their Dilemma, Are Proposing Compromise and Promising to Obey the Federal Statutes in the Future.

MAXIMUM FINE OF \$500 MAY BE IMPOSED IN EACH CASE.

Washington, July 4.—Being determined to force the railroads to conform to the so-called twenty-eight-hour cattle transportation law, Mr. Wilson, the Secretary of Agriculture, has today papers in twelve hundred suits prepared against those roads which have been caught red-handed in violation of the statute.

This means practically every road of consequence in the West. The Secretary's positive stand on the matter, it becomes known today, has caused a panic among the roads whose representatives, promising strict observance of the law in the future, are beseeching the department for compromise.

What proportion of the twelve hundred suits will be prosecuted in the courts is undecided by the Secretary of Agriculture. His purpose chiefly is to force the railroads to recognize and obey the law, which they have openly refused to do in the past. Now, after a long investigation, in which 1,500 inspectors were engaged, 1,200 cases each involving a violation of the law, the maximum penalty in each case would be \$500.

The probable policy of the department will be to allow a compromise at \$100 for each violation of the law, with the understanding that the suits to prosecute will be filed in the United States circuit courts, the suits will go into the Federal treasury.

This fight between the railroads and the Department of Agriculture is an old one. The law on which it hinges was enacted in 1872. The statute provides that cattle in transportation shall be taken from the cars every twenty-eight hours, fed, watered and allowed to rest for five hours.

For many years the department undertook to have its inspectors ride on the cattle trains to see that the law was obeyed. The practice was awkward and expensive.

A few cases were made from time to time, but the department has not been able to get the law enforced. It was decided that humane considerations and the interests of the stockmen demanded that the law be enforced.

Mr. Wilson, secretary of the department, has been called to Hartford, Conn., last night by the death of his sister-in-law.

The Federal grand jury will reconvene July 6. The trial of Representative George F. Thompson of Missouri, on charges of conspiracy and bribery, is set for Wednesday next week.

RAILROADS

VANDERBILTS MAY ACQUIRE LITTLE KANAWHA HOLDING.

Tentative Agreement Said to Have Been Made to Purchase Syndicate Stock, \$100,000,000.

Pittsburgh, Pa., July 4.—A tentative agreement is reported to have been made with Joseph Ramsey Jr., retiring president of the Wabash Railroad, and W. H. Guy of St. Louis, by Colonel James M. Schoonmaker, vice president and general manager of the Pittsburgh and Lake Erie, and other individuals of the Vanderbilt system, for the purchase of about \$100,000,000 of the Little Kanawha Syndicate.

The agreement holds until the return of President Ramsey from Europe in September, unless the Vanderbilt officials conclude to make the purchase in the meantime.

The agreement includes the right to purchase the surveys of the Green County Railroad, and many rights of way for that line through Washington and Greene counties to the West Virginia State line, and the Buchanan and Northern Railroad, running from the West Virginia State line to Belington, on the West Virginia Central and Pittsburgh Railroad, part of which has been constructed.

There is also included \$5,000 acres of the finest grade of West Virginia coal in the Fairmont district, purchased from Colonel James M. Guy at a cost of between \$2,500,000 and \$3,000,000; the Little Kanawha Railroad, running for forty miles south of the Ohio River along the Little Kanawha River, about 4,000 acres of coal in Lewis and Clinton counties; West Virginia, a short railroad, and some rights of way on the north bank of the Ohio River in Ohio.

If the bargain is concluded Mr. Ramsey and his associates in Pittsburgh and St. Louis will secure a large return on their investment. In St. Louis Adolphus Busch, the brewer, is the largest holder, to deal with the railroad and the Little Kanawha Railroad, E. D. Fulton of St. Louis, and A. M. Nepper.

The department was ready to turn over the Little Kanawha Railroad to the Vanderbilt system, but the Vanderbilt officials concluded to make the purchase in the meantime.
